Summary

Motivated B.Tech CSE student specializing in Data Science with strong skills in Python, Machine Learning, and Data Analysis. Experienced in building ML models, performing EDA, and working with real-world datasets. Also familiar with software development practices and backend fundamentals through internship experience.

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Jai Narain College of Technology & Science, Bhopal

2023 – 2027

Intermediate (Class XII)

Marwari College, Bhagalpur, Bihar

Secondary Examination (Class X)

DAV Public School, Bhagalpur, Bihar

Technical Skills

- **Programming:** Python (OOP, DSA), HTML, CSS
- **Data Science:** Machine Learning, Data Analysis, EDA, Model Evaluation
- **Databases:** SQL (Basics), NoSQL
- **Libraries/Tools:** Pandas, NumPy, Scikit-learn, Matplotlib
- **Concepts:** Software Engineering, Agile Methodology, Problem Solving

Projects

Student Performance Predictor

- Built a machine learning model to predict student performance.
- Performed data preprocessing, feature engineering, and model evaluation.
- Applied regression/classification algorithms to improve prediction accuracy.

Movie Recommendation System

- Developed a recommendation system using similarity-based techniques.
- Implemented content-based filtering for personalized movie recommendations.

Certifications

- Introduction to Data Science – Cisco Networking Academy (2026)
- Python Programming – Skill India (Microsoft) (2026)
- Data Science for Beginners – Board Infinity (2026)
- Software Engineering & Agile Development – Infosys Springboard (2025)
- Introduction to NoSQL Databases – Infosys Springboard (2025)
- Python Programming Bootcamp – Sheryians Coding School (2024)
- Python Fullstack Developer Virtual Internship – EduSkills (2026)

Soft Skills

- Time Management, Teamwork, Problem Solving, Communication
- Emotional Intelligence, Collaboration, Project Management
